Merle Norman of Bellevue

Professional Skin Treatments

Microdermabrasion \$90.00

Microdermabrasion is a technique for removing the top most outer layer of skin by gently exfoliating the skin with natural diamond chips, while at the same time vacuuming the dead skin cells away in a sterile and controlled manner. Removing this outer layer of dead skin cells leaves a smoother texture and promotes the growth of new healthy skin cells.

Dermaplaning \$40.00

Dermaplane treatments remove the top dull layers and peach fuzz on the surface of the skin. Removal of this outer layer of this dead skin and fine hair enhances the penetration of your skin care regimen. It is a no downtime treatment, and can also be combined with Chemical Peels or Facials to enhance the effectiveness.

Chemical Peels

Enzyme Treatment \$40.00

An exfoliant with fruit enzymes and salicylic acid to help break down dead cells for smoother, brighter-looking skin. Promotes clarification to reduce oiliness for clearer skin. Great for dry, dehydrated, aging, sun-damaged, hyper pigmentation, and acne grades 1 and 2.

Skin Renewal 1 (Light Exfoliation) \$65.00

Designed to show immediate improvement in skin challenges resulting in a healthier-acting, younger-looking, radiant complexion with no disruption to your social schedule.

Skin Renewal 2 (Medium Exfoliation) \$75.00

Designed to show immediate improvement, however best results are seen after about three days. The skin renewal process may cause skin to shed its outer dead layer, resulting in more dramatic results for skin challenges, thereby promoting healthier-acting, younger-looking skin.

Skin Renewal 3 (Medium Deep) \$95.00

Designed to provide complete epidermal rejuvenating in approximately 7 days. During this skin renewal process, your skin generally eliminates most damaged and dysfunctional skin cells. This will cause stimulation and migration of new skin cells resulting in fresher, healthier-acting, younger-looking skin.

Facials

Customized Facials \$75.00

Merle Norman of Bellevue offers facials customized to your skin's specific needs. All facials include deep cleansing, steam, exfoliation, extractions, and mask. Also, face, décolleté, neck and shoulder massage, with a hydrating soy hand treatment.
